

CIDER-LERN-Workshop

January 25-26, 2017 / Leibniz Headquarters
(Chausseestraße 111, 10115 Berlin)

Wednesday, January 25, 2017

11:00 – 12:00	Arrival/Registration and lunch snack	
12:00 – 12:15	Welcome address Florian Schmiedek (<i>DIPF/CIDER</i>) Petra Stanat (<i>LERN</i>) Jonna M. Blanck (<i>WZB/CIDER</i>)	Room Großer Saal (5 th floor)
12:15 – 13:45	Advantages of structural equation modelling for causal analysis Florian Schmiedek Supplement: Jan Marcus (<i>DIW/CIDER</i>)	Room Großer Saal (5 th floor)
13:45 – 15:15	Coffee and poster session Moderator: Markus Sauerwein (<i>DIPF/CIDER</i>)	Room 1.15 (1 st floor)
Malte Jansen (<i>IQB/CIDER</i>)	Large-scale-assessment data for secondary use - the Research Data Centre (FDZ) at the IQB	
Nele Usslepp (<i>Universität Tübingen</i>)	My social background, my personality, my choice – The perception of status attainment	
Michael Grüttner (<i>Universität Hannover/ DZHW</i>)	How to track refugees on their way to German universities?	
Evghenia Goltsev (<i>Universität Köln</i>)	Perception of learner language: How native speakers react to non-native speech	
Regina Jusri (<i>LifBi</i>)	Returns to education over the life course: wellbeing, social capital, and participation at adult age	
15:15 – 17:45	Thematic groups (parallel sessions)	
Group 1: Interdisciplinary take on grit in educational research	Room 1.06 (1 st floor)	Group 2: Innovative methodological approaches
Chair: <i>Johanna Fleckenstein (IPN/CIDER)</i>		Chair: <i>Malte Jansen</i>
Discussant: <i>Frances Hoferichter (Universität Greifswald/CIDER)</i>		

Johanna Fleckenstein
An introduction to grit in educational contexts

Angelina Hammon (LifBi)
Handling non-ignorable missing data in the dropout information of German students using a censored bivariate probit model

Fabian Schmidt (IPN)
A localization of grit as a personality trait

Sabine Zinn (LifBi)
Using Heckman's two-stage approach to model competence development of German Grade 5 students in mathematics

Daniel Danner (GESIS)
A cross-country analysis of grit in large-scale assessment

Janna Teltemann (Universität Hildesheim/CIDER)
Quasi-longitudinal analyses with PISA

Christian Krekel (PSE/CIDER)
A grit intervention study

Dave Möwisch (DIPF)
Multilevel confirmatory factor analyses of affective experience in everyday contexts

18:30

Dinner at Papà Pane di Sorrento

Ackerstraße 23, 10115 Berlin

Thursday, January 26, 2017

All sessions take place in Großer Saal (5th floor)

09:00 – 10:30

Publish or perish

Regina Vollmeyer (*Universität Frankfurt am Main*)

10:30 – 11:00

Coffee break

11:00 – 13:00

Plenary debate | Science communication: challenges and potentials

Martin Heinrich (*Universität Bielefeld*)

Eckhard Klieme (*DIPF/CIDER*)

Jean-Paul Reeff (*International Innovation Management and Consulting S.A.*)

C. Katharina Spieß (*DIW/CIDER*)

Moderation: Arwen Cross (*Wissenschaft im Dialog*)

13:30 – 14:30

Lunch break

14:30 – 16:30

Paper session | Chair: Camilla Borgna (*WZB/CIDER*)

Georg Camehl
(*DIW*)

The effects of early childhood education and care attendance and quality on children's non-cognitive skills

Gwendolin Blossfeld
(*LifBi*)

Competence match among romantic partners in Germany

Maja Schachner
(*Universität Potsdam/CIDER*)

Classroom cultural diversity climate – Conceptualization, measurement and associations amongst secondary school students

16:30 – 17:00

Feedback and farewell

17:00

End of workshop
